Extra Bulbs "Free"

Be sure and avail your-
self of these offers

We will include in all orders (if asked for at the time the order is placed) a collection of fine, assorted bulbs, all carefully labeled, in the following sized orders:—

- Offer No. 1. On orders amounting to \$1.00 (one dollar) and over, 12 Bulbs (our selection) *Gratis*
- Offer No. 2. On orders amounting to \$2.00 (two dollars) and over, 25 Bulbs (our selection) *Gratis*
- Offer No. 3. On orders amounting to \$3.00 (three dollars) and over, 50 Bulbs (our selection) *Gratis*
- Offer No. 4. On orders amounting to \$5.00 (five dollars) and over, 100 Bulbs (our selection) *Gratis*
- Offer No. 5. On orders amounting to \$10.00 (ten dollars) and over, 250 Bulbs (our selection) *Gratis*

Hints on Bulb Culture for Amateurs

COVERING PRINCIPALLY WINTER AND EARLY SPRING FLOWERING SORTS

HYACINTHS

Directions for Planting in the Open Ground.—This should be done in October and November, but they can be set out at any time, as long as the ground is open and the bulbs remain sound, but early planting always insures good root development and thorough establishment. The best compost for their culture is the following: One-third river sand, one-third well rotted cow manure and one-third good garden mould; or, where the soil is naturally light, well rotted cow manure liberally intermixed is all-sufficient. Special care should be taken not to add any bone fertilizers, as they usually draw vermin. The beds composed of the above compost should be well dug to a depth of fourteen inches, and raised from two to four inches above the level of the walks. The bulbs should be planted evenly about six inches deep (to the bottom of the bulbs) and from five to six inches apart; if planted at uneven depths they will not bloom at the same time, but irregularly. Care must be taken not to press the earth too firmly around and over the bulbs; some successful gardeners follow the plan of setting each bulb in a handful of clean sand, which insures drainage. After planting, rake the bed smooth, and after the ground has frozen tolerably hard in early winter cover with dry litter, leaves or coarse manure. If this covering be applied before freezing weather it renders the bulbs liable to the predations of field mice.

For Culture in Pots.—Prepare the above compost, adding, if possible, a quantity of leaf mould. The most favorable time for planting is September, October and November. The size of the pot depends on the number of bulbs planted in a single one; three bulbs in a pot of, say, six inches diameter make a rich, massive effect; one or two bulbs in each may be planted in proportionately smaller pots—two bulbs in each are very effective. In potting, each bulb should remain one-half above the surface of the soil; when thus planted water them well, to imbue the bulbs firmly in the soil, allowing them to remain in this condition one or two days; then bury the pots in the open ground to the depth of six inches for eight weeks, in which condition the preparatory root growth necessary to a vigorous development of their flower spikes is made. After this period take up the pots and remove them to a room not heated, but not so cold as to freeze. Being exposed to the light for the first time, they are, of course, very delicate. Care should therefore be exercised not to place them in the direct rays of the sun for two or three days. When about ready to flower bring them to the ordinary living-room, where the warmth will soon cause them to bloom. By so bringing them out, a few at a time, you can secure a succession of beautiful flowers all winter. They will need occasional watering until they begin to grow, when they should have an abundance of air in mild weather and plenty of water.

For Growing in Glasses.—Single varieties are the best for this purpose, as they produce much more satisfactory blooms than the double ones. Place the bulb in the glass, which should be filled with water so it touches the bottom of the bulb, place them in a close box in a cool place, or on a shelf in the dark part of the cellar, changing the water every ten days or two weeks; keep them in the dark, cool place from six to eight weeks, then remove them to the light (not too strong). If then kept in a cool room they will produce very fine spikes and remain in bloom a long time.

P. S.—A small piece of lump charcoal placed in the water will prevent it from getting foul.

IMPORTANT NOTICE.—When using a dibble, or planting-iron, for making holes in the ground, before inserting the bulbs be sure and throw a little sand or soil in the opening, to insure proper drainage. When dibble is plunged in the ground, it packs or compresses the soil all around; and when the bulb is inserted, it does not touch the bottom, which provides a space for water to settle, and the bulb cannot root properly.

THESE SPECIAL DIRECTIONS ARE FOR OUTSIDE PLANTING OF BULBS.

TULIPS

These are most satisfactory for blooming indoors as well as for bedding in the garden. Few bulbs can be had at so little cost that will produce such splendid results.

For Bedding Out.—The bed should be formed of a compost similar to that recommended for Hyacinths; the bulbs should be planted about four inches apart and about five inches deep (close planting makes a much finer effect and prevents the flowers breaking off when swaying in the wind); they should then be covered with a litter shortly before the severe freezing weather sets in, and left in this condition until spring approaches.

For Pot or Pan Culture.—Plant about four bulbs in a six-inch pot or five bulbs in a six-inch pan, water thoroughly and then remove to the open ground or in a cold frame, covering with coal ashes; after they have rooted thoroughly they should be brought into a moderately cool room and gradually warmer; by bringing in a fresh supply from the outside every ten days, and by careful treatment, they can be had in bloom continually.

NARCISSUS

One of the most successful bulbs to be grown by the amateur. The double and single trumpet varieties should be planted in soil. For indoor culture, plant in boxes or pots, and treat similar to Hyacinths, Chinese Lilies and Paper White Narcissus, and the Polyanthus types, such as Grand Soleil d'Or, etc., succeed very well and are quite interesting if planted in water and pebbles, as one can watch their progress of growth. A small lump of charcoal prevents the water from getting foul, although changes of water are advisable.

CROCUS

A real show can be obtained from these tiny bulbs; purchased at so small an expense, the results obtained are wonderful. They will bloom in a few weeks from time of planting inside. Place a few bulbs, or as many as the size of crock will warrant, in a receptacle, perforated. In a short space of time the bulb will start to grow and make a grand display. Planted out in the open ground, they bloom among the first of the spring flowers, coming up through the grass (where they may be planted with little trouble).

LILIES

The Easter Lily is imagined by many hard to succeed with; though handled properly, the trouble is well repaid by beautiful flowers. Plant the bulb in a pot suitable to the size of same, watering same thoroughly; then plunge it outside, until about December 10th, twelve inches deep in ashes, sand or soil, not giving any more water than naturally received from rainfalls. Then bring it in the house and place in a moderately warm room. Keep as dark as possible, as this somewhat prevents too long a growth of the plant. CALLA LILIES are also an excellent winter flowering plant. Planted in suitable pots inside and given plenty of water, they bloom very freely.

Henry F. Michell, Pres.

Fred. J. Michell, V. Pres.

A Newspaper Clipping from the *Philadelphia Press*, October 29, 1904.**PLANTING 100,000 BULBS**

Gardeners Arranging Floral Treat for Philadelphia Next Spring.

City Forester Lewis began yesterday his preparation for a floral treat in the larger city squares next springtime. A force of gardeners was set to work planting the 100,000 bulbs of tulips, hyacinths and narcissus. The main displays will be in Independence and Logan Squares, but there will be beds in all the Philadelphia Public Parks.

Henry F. Michell & Co., 1018 Market Street, have had the City's contract for Bulbs for five years. Bids are awarded on merit of previous year's display and lowest prices. This firm supplies a number of the principal parks throughout the country, also many of the largest private gardens and estates. The dependability of color, luxurious flowering qualities of the Michell importations has given this firm an enviable position and ranks it as one of the largest importers of bulbs in America.

P. S. We have again been awarded the contract for furnishing the city with bulbs for this autumn delivery for next spring's display.

Testimonial from the City Forester and Landscape Gardener of Philadelphia

Office of Bureau of City Property, City Hall,
Philadelphia, May 10, 1905.

Gentlemen: It affords me a great deal of pleasure, and I may add gratification to once AGAIN bear testimony to the excellency in every point of the bulbs furnished by your house for our City Squares and Parks. Our bulbous display has become one of the features of the City, and great numbers come here for the sole purpose of examining and admiring the spring treat, as so many term it, copying the designs and the names of varieties of bulbs used. I congratulate you on continued success in obtaining the best stocks.

Yours truly,

JNO. C. LEWIS, City Forester and Landscape Gardener.

Michell's First Size Named Single Hyacinth.

HYACINTH GLASSES.

Belgian, in all colors, 18 cts. each; per doz., \$1.75.

Tye or Low Pattern, 18 cts. each; per doz., \$1.75.

TUBES FOR BELGIAN HYACINTH GLASSES.

10 cts. each; per doz., \$1.10.

DIRECTIONS FOR GROWING HYACINTHS IN WATER.

There is much pleasure derived from growing Hyacinths in water; select good, large bulbs (single flowering preferred) and place them in the glasses, allowing the water just to touch them, place them in the dark until thoroughly rooted, changing the water every ten days (a small piece of charcoal in the bottom of glass prevents the water from fouling). It is advisable to use tubes in order to prevent the bulb from getting handled, so that when the water is changed, the bulb may be lifted out with tube.

MICHELL'S HYACINTHS

STRICTLY FIRST SIZE NAMED,

Which produce the largest and most perfect flower spikes. Adapted for forcing in water or in soil. Most of these varieties here offered have won first prizes at the Horticultural exhibitions.

In sending you this order allow me to congratulate you on the FINE HYACINTHS, TULIPS and DAFFODILS you sold me last fall. My gardens were the handsomest in the neighborhood, and it has been a pleasure for me to hear the many pleasing comments made on the flowering bulbs.

W. W. MATOS.

SWARTHMORE, PA.

Single Second Size Named Hyacinth

6 Bulbs of any one variety at dozen rates; 25 at 100 rates; 250 at 1000 rates.

HYACINTHS—CONTINUED.

FRENCH ROMAN HYACINTHS.

Roman Hyacinths afford a continuous supply of bloom from early winter until late in spring if forced successfully. They are very fragrant. The blooms are suitable for most any kind of cut-flower work; they also look very attractive if planted in boxes or pots and used for window decoration. They are not hardy, consequently will not do for outdoor planting.

	Each	Doz.	100	1,000
First Size, Pure White	\$0 05	\$0 45	\$3 25	\$28 00
Mammoth Size, Pure White	06	60	4 00	33 50

Pink, Dark	04	40	3 00	26 00
Blue	05	40	2 75	26 00
Italian. White. Larger spikes, blooming later than the French	05	45	3 00	28 00

If Roman Hyacinths are wanted by mail, please add 10c. per doz. for postage.

DUTCH OR MINIATURE ROMAN HYACINTHS.

Excellent for growing in pots, pans or boxes, blooming freely and early. They may be planted close together, either in pans or pots, or in the open ground. Culture is the same as for other Dutch hyacinths.

	Each	Per doz.	Per 100
Red. Named sorts, our selection	\$0 05	\$0 45	\$3 00
White " " " "	05	50	3 25
Pink " " " "	04	40	2 75
Blue " " " "	04	40	2 75

Please notice that these are the named varieties, which are far superior to the separate color grade usually offered.

French Roman Hyacinths.

SPECIAL OFFER.

We will furnish 110 bulbs of hyacinths for producing the opposite illustrated bed, in superior bedding grade, for \$2.85, or if second size named hyacinths are preferred, as offered on page 3, we will furnish for \$5.75, in any assortment of colors, our selection of varieties.

GRAPE HYACINTHS.

An early Spring blooming bulb for outdoor and house culture, resembling a bunch of grapes in appearance.

	Per Doz.	Per 100	Per 1000

The BULBS I received of you last Fall GAVE SPLENDID SATISFACTION. I shall want quite a number this Fall and will place the order with you.
CANTON, OHIO. J. M. JOHNSON.

Few, if any, flowering bulbs have created such admiration, or met with such favor as the late flowering tulips. Their real value has only become known in latter years. It is remarkable with what prominence and brilliancy they stand out after other tulips have long faded away. They usually are at their best the latter part of May. The long slender stems, sometimes two feet, according to variety, on which the flower is supported, elevate them to a height that will permit them to be recognized from a distance; the odorous scent which they impart to the air is a grand characteristic; our list embraces the most desirable kinds, and we offer them in collections below to be within the reach of means of all flower lovers.

SINGLE LATE TULIPS IN SEPARATE VARIETIES

	Each	Per Doz.	Per 100	Per 1000
Bouton D'Or. Immense yellow flower; stem long and stout	\$0.03	\$0.25	\$1.60	\$13.50
Gesneriana Rosea. Of a brilliant rose shade, an elegant companion to the above03	.25	1.50	12.50
Gesneriana Spathulata. The true Gesneriana tulip with the blue-black centre, of a dazzling scarlet color; it can be seen at a great distance04	.30	1.75	16.00
Greigii (<i>Queen of Tulips</i>). A handsome type of a brilliant orange color with a yellow and black centre15	1.50	10.00	
Picotee (<i>Maiden's Blush</i>). This is one of the finest of the class of late tulips of a pure white, with brilliant rose edging, large flower on stout stem04	.40	3.00	25.00

TULIPS

EARLY SINGLE
Strictly True to Name and Color

TULIPS

NOTHING is more beautiful than a bed of tulips in the spring. They are the showiest flower in bloom at that time of the year. They should be planted in beds of any design, made of a good portion of loam and manure mixed well with the soil; the distance apart should be about four inches. The bulbs must be planted about four inches deep. A covering of long manure or straw for over winter is very beneficial for the bed. Tulips are also excellent for growing in the house; four or five bulbs to six or seven inch pots, or they can be forced in the greenhouse with good results.

Single bulbs of Tulips mailed free; add 5c. per dozen for postage, if desired by mail.

HARDY NARCISSUS

(For outdoor planting)

The Narcissus or Daffodil planted outside, when established and thoroughly acclimated, yields abundant returns for the care and money expended on them. They form dense clumps and bloom most profusely. The failure of Narcissus to flower the first year, when planted outside, is attributed to the fact of their necessity of first becoming thoroughly accustomed to the climate and soil, they rarely fail to give good results the second year. Most of the double and single sorts are perfectly hardy, and need not be disturbed oftener than once in three or four years, and not then unless they have become too much crowded by offsets. Plant in the Fall in good garden soil about three or four inches deep, and four to six inches apart.

6 BULBS AT DOZEN RATES; 25 AT 100 RATES; 250 AT 1000 RATES.

NARCISSUS—CONTINUED.

Single Narcissus

(*Daffodils*)

Ard Righ, or Irish King. Rich yellow trumpet, very early. Each, 6c.; per doz., 65c.; per 100, \$4.00; \$30.00 per 1000.

Empress Bicolor. Perianth snow-white, trumpet rich yellow; valuable for cutting. A good companion to Emperor. Each, 6c.; per doz., 60c.; per 100, \$4.00; \$35.00 per 1000.

Emperor. (*See cut*). One of the finest daffodils in cultivation, flower of the richest yellow, trumpet of immense size; the petals of the perianth measure $3\frac{1}{2}$ inches across. Each, 6c.; per doz., 60c.; per 100, \$4.00; \$35.00 per 1000.

Barrii Conspicua. Sulphur perianth, broad cup marked with scarlet, very desirable. Each, 4c.; per doz., 30c.; per 100, \$2.00; \$18.00 per 1000.

Bicolor Grandee. A grand trumpet variety, golden yellow with white petals, late flowering. Each, 5c.; per doz., 50c.; per 100, \$3.50; \$30.00 per 1000.

Campernelle. A large flowering Jonquil, producing an abundance of yellow flowers, fragrant. Each, 2c.; per doz., 15c.; per 100, \$1.00; \$7.25 per 1000.

Campernelle Rugulosus. An improvement on the above variety, producing larger flowers. Each, 2c.; per doz., 20c.; per 100, \$1.25; \$9.25 per 1000.

Cynosure. A favorite cup variety, perianth primrose, yellow centre stained scarlet. Each, 3c.; per doz., 25c.; per 100, \$1.50; \$12.00 per 1000.

Giant Princeps. Large golden yellow trumpet. Each, 3c.; per doz., 25c.; per 100, \$1.40; \$11.00 per 1000.

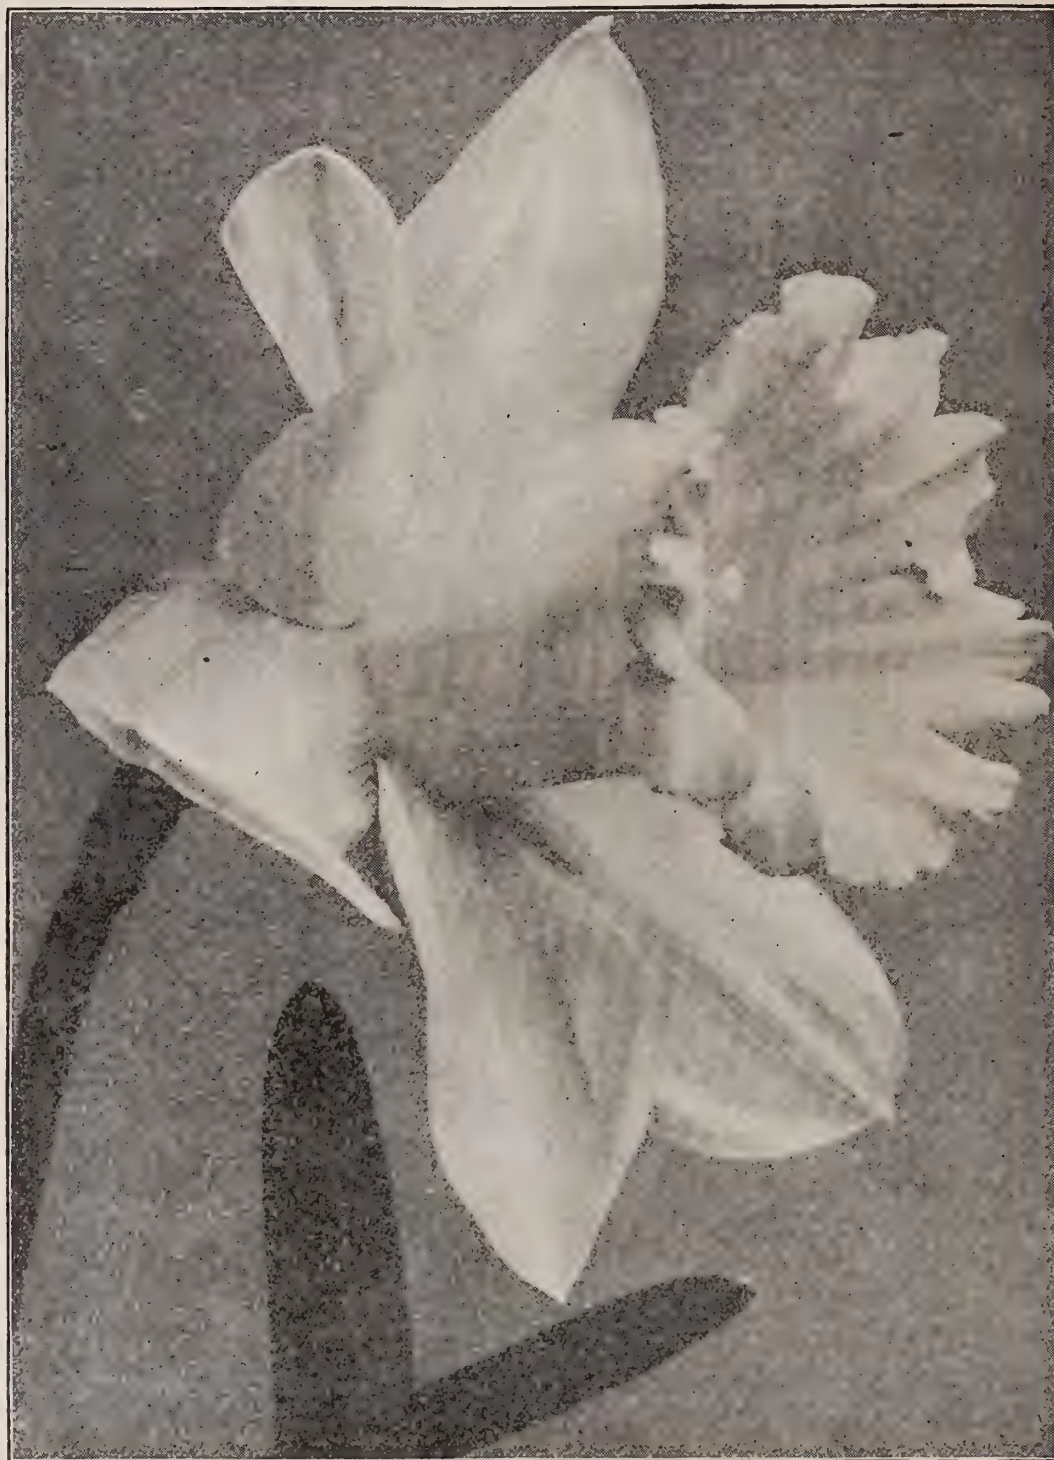

Golden Spur. One of the grandest daffodils, with extra large, bold, rich yellow flowers; foliage very broad and striking. It is of unusual robust habit and unsurpassed for gardens, pots or forcing. Each, 6c.; per doz., 60c.; per 100, \$4.00; \$32.50 per 1000.

Hoop Petticoat (*Bulbocodium*). Of rich golden yellow color. Bears from six to twelve flowers to each bulb. Three to six bulbs may be placed in a six-inch pot. A dry and sheltered situation suits it best when planted in the open ground. Each, 6c.; per doz., 65c.; per 100, \$4.25; \$35.00 per 1000.

Henry Irving. A golden yellow trumpet sort with deeper yellow perianth or petals; most desirable. Each, 5c.; per doz., 50c.; per 100, \$3.75; \$32.50 per 1000.

Horsfieldi Bicolor. Very large, perianth white, trumpet golden yellow; one of the finest types. Each, 5c.; per doz., 50c.; per 100, \$3.25; \$30.00 per 1000.

Stella Incomparabilis. White star-shaped flower, with distinct yellow trumpet. Each, 3c.; per doz., 20c.; per 100, \$1.25; \$9.00 per 1000.

Narcissus Emperor (The Grand Single Daffodil)

Trumpet Major (*Holland Grown*). A large yellow favorite; fine for forcing or bedding. Each, 3c.; per doz., 25c.; per 100, \$1.50; \$12.00 per 1000.

Trumpet Major (*French Grown*). Particularly adapted for early forcing, coming into bloom considerably earlier than the Dutch grown bulbs, otherwise the flower is the same. Each, 5c.; per doz., 50c.; per 100, \$2.25; \$20.00 per 1000.

Sir Watkin. A giant cup variety, centre deep yellow tinged with orange, petals sulphur yellow; a very fine sort. Each, 6c.; per doz., 60c.; per 100, \$4.50; \$37.50 per 1000.

Single Mixed. All varieties and colors. Each, 2c.; per doz., 18c.; per 100, \$1.00; \$7.75 per 1000.

See also Pages 7 and 9 for other Varieties of Narcissus.

*Narcissus Von Sion.***NARCISSUS—CONTINUED.****Double Varieties.**

	Each	Per doz.	Per 100	Per 1000
Von Sion. Extra fine Holland-grown bulbs. The color of the flower is a bright yellow, devoid of the green tips often found in the cheaper stock. Very fine for forcing or bedding	\$0.03	\$0.30	\$2.00	\$17.50
Von Sion. Extra large, two-nosed bulbs. Will average 190 blooms from 100 bulbs	.04	.40	2.60	22.00
Von Sion. Monster size bulbs. Very choice. Our stock of this favorite variety is extra fine.	.06	.65	4.00	35.00
Alba Plena Odorata. (<i>Double White Daffodil</i>). Deliciously fragrant. Does not force satisfactorily	.03	.20	1.20	9.00
Incomparable Double. (<i>Butter</i>). An old-fashioned type used principally for outdoor planting. Orange suffused yellow	.02	.20	1.00	9.00
Sulphur Phoenix. White suffused yellow. Is classed among the finest of double varieties	.06	.60	3.75	30.00
Orange Phoenix. (<i>Eggs and Bacon</i>). Light yellow with orange centre. Good for forcing or bedding	.04	.30	2.00	15.00
Mixed. All colors. Fine for outside massing.	.02	.20	1.00	8.25

Polyanthus Varieties.

The Polyanthus Narcissus are a very interesting class. They may be grown in water or soil with equal success. If grown in water treat similar to Chinese Lilies, and if in soil like other varieties of Narcissus used for forcing. They are not hardy.

*Narcissus Paper White Multiflora.***POLYANTHUS NARCISSUS.**

	Each	Per doz.	Per 100	Per 1000
Double Roman. White suffused yellow. Very fragrant.	\$0.04	\$0.30	\$1.50	\$12.00
Gloriosa. A desirable sort for forcing. Sulphur yellow.	.04	.40	2.50	20.00
Grand Monarque. White and Yellow	.05	.40	2.50	20.00
Grand Soleil d'Or. A yellow flower, reddish cup	.04	.40	2.25	20.00
Paper White Grandiflora Multiflora. Flowers larger than the Grandiflora. Extra choice	.05	.40	2.50	20.00
Paper White Grandiflora. Very large flowering, the favorite forcing variety, superior to the old sort	.04	.30	1.75	15.00
Polyanthus Narcissus. Choice mixed, of all sorts	.04	.30	1.75	15.00

Hardy Poets Narcissus.

Poeticus. (*Pheasant's Eye*). Fragrant white flowers with orange cup. Giant bulbs. Each, 2c.; per doz., 15c.; per 100, 70c.; per 1000, \$5.00.

Poeticus Ornatus. Similar to Poeticus, but larger and four weeks earlier. Magnificent cut flowers. Excellent for forcing. Each, 2c.; per doz., 20c.; per 100, \$1.20; per 1000, \$10.00.

ACONITE (*Eranthis Hyemalis*)

In early Spring the golden-yellow blossoms of Winter Aconite look charming and form a striking contrast to the pure white snowdrop. Height, 6 to 8 inches. Each, 3c.; per doz., 20c.; \$1.00 per 100.

Single Anemone

ANEMONES (See Cut)

Suitable for pot or border culture; when planted in masses are most effective; succeed best in a light, rich, well-drained loam. Plant in October or November. Cover with leaves, straw or long manure on approach of Winter. For pot culture fill pots with any rich porous compost, with good drainage, planting four bulbs in a six-inch pot; place in cold frame or any moderately cool situation, giving very little water until plants appear, then remove to greenhouse or sitting room window.

Double White04	.35	2.25

ALLIUM NEAPOLITANUM

Excellent for winter flowering, extensively forced for cut flowers, pure white with green stamens, borne in large loose umbels. Height, 15 to 18 inches. Per doz., 20c.; per 100, \$1.00; \$7.50 per 1000.

ANOMATHECA CRUENTA

(Scarlet Freesia.) (Ready in October.)

A very pretty species of bulbs for indoor blooming, resembling very much Freesias from which they partially derive the name. It may also be planted outdoors and will endure the winter with slight protection. Flowers rosy scarlet, dotted crimson on petals. Per doz., 20c.; \$1.25 per 100.

Allium

AMARYLLIS

Belladonna Major. Bright pink. Each, 15c.; per doz., \$1.50.

Formosissima (*Jacobæan Lily*). Crimson, blooming early in the summer. Each, 10c.; per doz., \$1.00.

Hybrids of Vittata. Large bulbs. Each, 50c.; per doz., \$5.00.

Johnsoni. Very large flower, rich crimson-scarlet color, striped with white. Each, 35c.; per doz., \$3.50.

Treatiæ Alba. Pure white, blossoms the entire summer. Each, 5c.; per doz., 40c.; per 100, \$3.00.

Treatiæ Rosea. Bright rose. Each, 5c.; per doz., 40c.; \$3.00 per 100.

Fancy Giant Amaryllis

CHIONODOXA

(Glory of the Snow)

A most exquisite early spring flowering bulb, thoroughly hardy, and will thrive well in any soil.

Lucillæ. Flowers brilliant sky-blue color with white centre. 2c. each; per doz., 15c.; \$1.00 per 100; per 1000, \$8.00.

Sardensis. Beautiful deep blue flowers. Per doz., 15c.; per 100, \$1.00; per 1000, \$8.00.

Gigantea. A very distinct species with very large lavender blue flowers with white centre. 3c. each; per doz., 25c.; \$1.50 per 100; \$11.00 per 1000.

BEGONIAS—Tuberous Rooted. (Ready in November)

These bulbs are most satisfactory for window, garden, greenhouse or conservatory blooming. The bulbs when received should be potted, well watered and placed in a dark warm place until thoroughly rooted, when they may be brought to the light. Begonias thrive best in a warm, shaded place.

COLCHICUM

Autumnale (*Hardy Giant Flowering Crocus*).

A very interesting bulb; blooming in the autumn without the foliage, which follows in the spring. Flowers are all shades of purple and rose. Strong bulbs, 5c. each; per doz., 50c.; \$3.75 per 100.

Begonia

White Calla Lily.

CALLA LILIES.

Callas require a good rich soil and plenty of warmth to make them thrive. It is undoubtedly one of the easiest culture bulbs in existence. The white or Lily of Nile Calla requires plenty of moisture constantly. The black variety requires very little until it has made considerable start. The bulbs should be potted when received and put in a dark place until thoroughly rooted, when they may be brought to the light.

WHITE CALLA. Flower pure waxy white, leaves dark green.

SPOTTED CALLA. (Ready in October). Foliage green mottled white, flower pure white

10 1 00 6 00

BLACK CALLA. (Ready in October). Foliage a rich green. Flower very large and of a purplish black color.

15 1 25 8 50

LITTLE GEM CALLA. A miniature type, very similar to the regular white calla but much smaller and dwarfer in every way

10 1 00 7 00

YELLOW CALLA. (Elliottiana). An entirely distinct golden yellow variety, otherwise very much like the common white sort

1 00 11 00

Single bulbs of Callas mailed without extra cost. For a dozen add 15c. to the price quoted, for postage.

Chinese Sacred Lily.

CHINESE SACRED LILY. (Ready in October.)

The Chinese Lily or Narcissus is too well known to require much description. The flowers are borne in clusters, as the illustration represents, and are deliciously fragrant. Color white, with a yellow centre. Price, Mammoth bulbs, 10c. each; 3 for 25c.; 90c. per doz.; per basket of 30 bulbs, \$2.00.

NEW GOLDEN CHINESE LILY.

This variety is very similar in every way to the above, excepting that the bulbs are considerably smaller and the flowers are of a rich golden yellow. Treatment, same as the regular variety. Delightfully fragrant.

Price 5c. each; per doz. 50c.; \$3.50 per 100.

Pebbles for planting Chinese Lily Bulbs, clean and uniform in size, 5c. per quart, 25c. for 6 quarts; 30c. per peck; per bushel, \$1.00.

Bowls for Chinese Lilies. A large selection of **Glass, Stone, and Japanese Ware**, at all prices.

FREESIA PURITY. Fisher's Original Stock. A magnificent **snowy, glistening white**, of very large size, and great length and strength of stem; produces trusses of eight to eleven flowers. Stems can be cut two feet long. Three to four strong blooming shoots are produced from each bulb *in addition* to the main stalk. No **greenhouse** or conservatory should be without this glorious Feesia. **Price**, each 10c.; \$1.00 per doz.; per 100, \$6.00.

LEICHTLINI. Large, pure yellow, fragrant variety; good contrast to the white sort. **Price**, each 3c.; 25c. per doz.; per 100, \$1.50; \$10.00 per 1000.

SCARLET FREESIA. (See Anomatheca, page 11.)

GLADIOLUS

For Winter Forcing. **Ready in November.**

"May." The finest forcing large-flowering variety; produces a large spike of nearly pure white flowers. 50 cts. per doz.; per 100, \$3.00.

The Bride. A lovely, pure white gladiolus. Six bulbs can be planted in a six-inch pot. Each 2 cts.; per doz., 20 cts.; per 100, \$1.15.

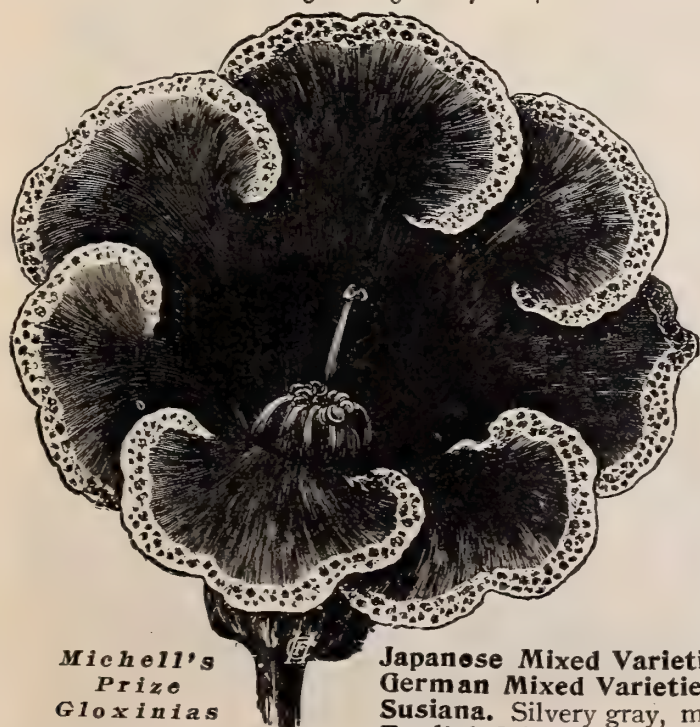

Bride. (Pink.) A type like the above, but pink in color. Very handsome. Per doz., 25 cts.; per 100, \$1.50.

**Bride Gladiolus****GLOXINIAS (Ready in November)**

Our strain of this indispensable winter flowering bulb is the finest to be had. The bulbs should be treated similar to begonias, excepting that they delight in a very warm place, and entire seclusion from the sun. Only strong bulbs sent out by us.

I am pleased to tell you of the fine show of **Gloxinias** and **Begonias** from the bulbs you supplied. They have been admired by all who have seen them. **The colors are grand; the assortment splendid.**

J. CURNOW

Gardener to **Akron, O.**
C. B. Raymond, Esq.

IRIS

A bed of Iris in bloom is truly a wonderful sight. They bloom consecutively; the Germanica or German Iris coming first, being followed by the Spanish, English and Japanese. The Spanish varieties may be successfully forced in the house, when treated similar to tulips desired for forcing. The Japanese make an especially fine show, and a bed of them will yield a magnificent display. Plant in the fall, in well drained soil.

6 BULBS OF ANY ONE VARIETY AT DOZEN RATES; 25 AT 100 RATES; 250 AT 1000 RATES.

Lily of the Valley (Michell's Russian.)
LILY OF THE VALLEY.

Ready in November.

It is now a most popular plant for forcing, which is easily done by planting the pips in pots, from 6 to 12 in each, watering freely.

MONSTER OR EXCELSIOR XXX. This grade is the finest imported to this country. Produces very long, heavy flower spikes. Per doz., 40c.; per 100, \$3.00; \$5.50 for 200; per 1000, \$18.00.

"BERLIN" A brand especially selected. Will produce good spikes. Per doz., 25c.; per 25, 40c.; per 100, \$1.50; per 1000, \$12.00.

DUTCH. Recommended for outdoor blooming particularly. Per bunch of 25 roots, 35c.; per 100, \$1.25; per 1000, \$11.00.

COLD STORAGE. For forcing at any time. Orders booked for 100 or more for shipment about every two weeks. Price about \$2.50 per 100.

CLUMPS. Large undivided clumps for massing or making beds of out-of-doors. 25c. per clump; per doz. clumps, \$2.50; per 100 clumps, \$18.00. (Clumps of Valley are not available.)

LACHENALIA PENDULA.

Desirable for planting in hanging basket, making a grand show; a rich vermilion color. 15c. each; per doz., \$1.50; per 100, \$10.00.

Oxalis Grand Duchess.

IXIAS.

This bulb produces a very pretty flower. They are half hardy, requiring a well drained soil and winter protection. The flowers in the mixture range in various shades of all colors.

MIXED. 12c. per doz.; per 100, 75c.; \$5.00 per 1000.

CRATEROIDES. Fiery scarlet. 25c. per doz.; per 100, \$1.50; \$12.00 per 1000.

OXALIS (Bermuda Buttercup).

An unrivalled winter-flowering pot plant, of the easiest culture, succeeding with everybody. One of the finest winter-flowering plants for pot culture. Place in a dark, cool position for a few weeks to root thoroughly, and remove to a sunny situation in the window or conservatory, and the great profusion of bloom for weeks will astonish and delight you. The flowers are of the purest bright buttercup yellow.

Large bulbs.....10c. for 3; per doz., 25c.; per 100, \$1.50.

A highly valued farm plant; can be sown as late as September, and in a few weeks' time is suitable to turn pigs or sheep into. Sow 10 lbs. per acre if broadcast, or 6 lbs. in drills. 10c. per lb. (by mail, 18c.); 90c. for 10 lbs.; 50 lbs., \$3.25; \$6.25 per 100 lbs.

Crimson Clover.

CHOICE SEED WHEAT.

Our Seed Wheat is principally grown on the farms or estates of gentleman farmers who bear in mind the most important point in wheat growing, that is, well fertilized ground. Most of the wheat offered here has been engaged by us and has a record of having yielded from 36 to 40 bushels per acre. Sow $1\frac{1}{2}$ to 2 bushels per acre (60 lbs. per bushel).

Fultz-Mediterranean. A hybrid variety, a cross between the old reliable *Fultz* and the *Red Mediterranean (Bald)*. 50c. per peck; per bu., \$1.60; 5 bu. at \$1.55 per bu.; 10 bu. at \$1.50 per bu.

Fultz. A white bald variety, a big yielder of seed; straw very stiff. 50c. per peck; per bu., \$1.50; 5 bu. at \$1.45 per bu.; 10 bu. at \$1.40 per bu.

Dietz Longberry (Bearded). One of our best red wheats, largely in demand by millers. 50c. per peck; per bu., \$1.60; 5 bu. at \$1.50 per bu.; 10 bu. at \$1.45 per bu.

Jones Winter Fife (Bald). Very prolific, hardy red variety, long grain heads, fine straw. 50c. per peck; per bu., \$1.60; 5 bu. at \$1.55 per bu.

WE CAN ALSO FURNISH ALL OTHER VARIETIES OF WHEAT
SAMPLES AND PRICES ON LARGER QUANTITIES QUOTED.

WINTER VETCHES (*Vicia Villosa*).

Frequently called sand or hairy Vetch. Sow with rye for a nurse crop, $\frac{1}{2}$ to 1 bushel per acre (60 lbs. per bu.) 15c. per lb. (by mail, 23c.); per bu., \$7.25.

WE CAN ALSO FURNISH ALL OTHER VARIETIES OF FARM SEEDS.
WRITE FOR PRICES AND SAMPLES.

Dietz Longberry Wheat.

LAWN and PASTURE GRASS SEED

Our stock embraces the finest qualities of the various sorts. Any special mixture, for special purpose, compounded to order. Sow Grass Seed in summer, and with the aid of an occasional sprinkling a most beautiful lawn can be obtained before winter. Grass starts well in summer, as weeds and other obnoxious growth do not thrive at that time.

Michell's Non-Superior Evergreen Lawn Grass Seed. (20 lbs. per bushel.) Too well known to need description. The best lawn grass seed that exists for general use. Prices: Per qt., 25c.; 40c. for 2 qts.; 4 qts., 65c.; \$1.00 per pk.; per bu. of 20 lbs., \$4.00 (5 bu. lots at \$3.75 per bu.) (10 bu., \$3.50 per bu.) (50 bu., \$3.25 per bu.).

Michell's Shaded Lawn Grass Mixture. (20 lbs. per bushel.) Difficulty is frequently experienced in establishing a lawn where shade and other trees exist. This has been entirely overcome by the introduction of this fine formula. Prices: Per qt., 25c.; 40c. for 2 qts.; 4 qts., 65c.; \$1.00 per pk.; per bu. of 20 lbs., \$4.00 (5 bu. lots at \$3.65 per bu.) (10 bu., \$3.50 per bu.) (50 bu., \$3.25 per bu.).

Fairmount Park Lawn Seed. (15 lbs. per bushel.) A very fine mixture indeed. Prices: Per qt., 20c.; 35c. for 2 qts.; 4 qts., 50c.; 75c. per pk.; per bu. of 15 lbs., \$2.75 (5 bu. lots at \$2.50 per bu.) (10 bu., \$2.30 per bu.) (50 bu., \$2.20 per bu.).

Evergreen Grass with no Clover. (20 lbs. per bushel.) Many people do not like white clover in a lawn. Price: Per qt., 25c.; 40c. for 2 qts.; 4 qts., 65c.; \$1.00 per pk.; per bu. of 20 lbs., \$4.00 (5 bu. lots at \$3.65 per bu.) (10 bu., \$3.50 per bu.) (50 bu., \$3.25 per bu.).

Michell's Seashore Formula Grass Seed Mixture. (20 lbs. per bushel.) The salt atmosphere plays havoc with the seashore lawn, and unless the proper formula of seed is sown, trouble is sure to come. Prices: Per qt., 25c.; 40c. for 2 qts.; 4 qts., 65c.; \$1.00 per pk.; per bu. of 20 lbs., \$4.00 (5 bu. lots at \$3.65 per bu.) (10 bu., \$3.50 per bu.) (50 bu., \$3.25 per bu.).

Michell's Terrace or Embankment Grass Seed Mixture. (20 lbs. per bushel.) A serious problem that always confronts the gardener after a rainstorm is the replacing of washed-out places in the terraced lawn. Prices: Per qt., 25c.; 40c. for 2 qts.; 4 qts., 65c.; \$1.00 per pk.; per bu. of 20 lbs., \$4.00 (5 bu. lots at \$3.65 per bu.) (10 bu., \$3.50 per bu.) (50 bu., \$3.25 per bu.).

Michell's Golf Course Grass Seed Mixture. (15 lbs. per bushel.) There's no dread of defeat on the fair greens or links where this seed is sown. Prices: Per qt., 20c.; 35c. for 2 qts.; 4 qts., 50c.; 70c. per pk.; per bu. of 15 lbs., \$2.50 (5 bu. lots at \$2.25 per bu.) (10 bu., \$2.15 per bu.) (50 bu., \$2.00 per bu.).

VIEWS

1. Michell's Evergreen Lawn Seed.
2. Michell's Shaded Lawn Seed.
3. Michell's Pasture Grass Seed.

Michell's Putting Greens Mixture. (20 lbs. per bushel.) Made up especially from such grasses as will grow very short. Prices: Per qt., 25c.; 40c. for 2 qts.; 4 qts., 65c.; \$1.00 per pk.; per bu. of 20 lbs., \$4.00 (5 bu. lots at \$3.65 per bu.) (10 bu., \$3.50 per bu.) (50 bu., \$3.25 per bu.).

Lawn Tennis and Polo Grass Seed Mixture (Michell's). (20 lbs. per bushel.) The game can be enjoyed much better when the proper grass (where grass is still used on tennis courts) is under foot. Prices: Per qt., 25c.; 40c. for 2 qts.; 4 qts., 65c.; \$1.00 per pk.; per bu. of 20 lbs., \$4.00 (5 bu.

lots at \$3.65 per bu.) (10 bu., \$3.50 per bu.) (50 bu., \$3.25 per bu.).

GRASS MIXTURES FOR FIELDS

Michell's Permanent Pasture and Hay Grass Mixture. (20 lbs. per bushel.) A composition of varieties of grasses best suited to the purpose named. Prices: Per qt., 20c.; 50c. for 4 qts.; per pk., 85c.; \$3.00 per bu. of 20 lbs. (5 bu. lots at \$2.75 per bu.) (10 bu., \$2.60 per bu.) (50 bu., \$2.40 per bu.).

Exposition or Quick Growth Mixture. (15 lbs. per bushel.) Prices: Per qt., 20c.; 30c. for 2 qts.; per pk., 65c.; \$2.25 per bu.

MICHELL'S GRASS SEEDS ARE RENOWNED FOR PURITY AND QUALITY

MICHELL'S GRASS SEEDS

GRASSES IN SEPARATE VARIETIES

If wanted by mail add 8c. per lb. to prices quoted.

	Lb.	Bu.	100 Lbs.		Lb.	Bu.	100 Lbs.
Awnless-Brome Grass (<i>Bromus inermis</i>). A valuable grass for light, dry soils. Will stand long droughts and produce heavy growths where other grasses frequently fail. Forty lbs. to the acre. Bu. (14 lbs.)				Herd or Red Top Grass. Very popular for field use. Bu. (10 lbs.)	\$0.15	\$1.00	\$8.00
Blue Grass (Kentucky). Extra fancy cleaned. One of the most valuable sorts for lawn purposes, and as a pasture grass is indispensable. This grade is best for sowing lawns. Sow 3 to 5 bu. per acre for lawn; for pasture sow 2½ bu. Bu. (14 lbs.) Qt. 15c.	\$0.20	\$2.50	\$12.50	Italian Rye Grass. An annual quick in maturing. Bu. (22 lbs.)12	2.25	8.50
Creeping Bent Grass (<i>Agrostis stolonifera</i>). Excellent for lawns, succeeds well in all locations, makes a low velvety growth. Bu. (20 lbs.)20	1.75	12.00	Meadow Fescue. English Blue Grass. An excellent grass for permanent pasture or hay. Bu. (22 lbs.)20	3.25	14.00
Canadian Blue Grass. Adapted especially to high, dry situations. Fine for permanent pasture. Bu. (14 lbs.)25	4.50	20.00	Meadow Foxtail. An elegant pasture grass. Bu. (7 lbs.)30	1.90	23.00
Crested Dogtail. An excellent grass for hard, dry soils, valuable for pastures or lawns, 25 lbs. to acre. Bu. (21 lbs.)15	1.60	9.50	Natural Green Grass. Largely used on lawn and field. Bu. (14 lbs.)20	2.00	12.00
English Rye Grass (Perennial Rye). Fine for an immediate effect. Bu. (24 lbs.)35	6.00	25.00	Orchard Grass. For pasture, sowing under orchards or shady places. Bu. (14 lbs.)20	2.25	13.00
Fancy Herd or Red Top. Extra re-cleaned seed, free from chaff. Bu. (32 lbs.)18	2.00	8.00	Rhode Island Bent Grass (<i>Agrostis Canina</i>). Resembles Herds Grass, forming a fine turf even on thin soils. Doing especially well in salt atmospheres. The only Lawn Grass used at Newport. Sow forty lbs. to the acre. Bu. (15 lbs.)20	2.25	13.00
Hard Fescue. Thrives well in dry situations, where many other grasses fail; 30 lbs. to the acre. Bu. (12 lbs.)20	4.50	12.50	Sheep's Fescue (<i>Festuca Ovina</i>). Sow forty lbs. to the acre. Bu. (12 lbs.)30	4.00	25.00

Mushrooms from Michell's English Superior Mushroom Spawn

PURE CULTURE MUSHROOM SPAWN

We have made arrangements to represent the most experienced and reliable maker of **Pure Culture Spawn**. This brand of spawn is the result of careful and scientific experimenting, being produced in an entirely different manner than the English, the brick of compost being inoculated by the tissues or fibres of finest selected mushrooms and allowed to go through a process of developing in manure before inserting in the bricks at the time of manufacturing. It has promised big returns, having been tested thoroughly and pronounced a perfect success. The spawn is claimed to produce larger, whiter and more abundantly fine quality of mushrooms.

Prices of Pure Culture Spawn:

Per brick	\$0.30	10 bricks	\$2.20
Per brick, postp'd .45		25 bricks	5.00
6 bricks	1.25	50 bricks	9.00

Mushrooms from Michell's Pure Culture Mushroom Spawn.

MICHELL'S MUSHROOM SPAWN

We are the largest importers of mushroom spawn in Philadelphia. We receive during the making season shipments every two weeks, thus insuring our patrons fresh spawn, whereby good results can be obtained. Our English Spawn is hard to equal, being made by one of the most reputable manufacturers in England.

PRICES:

Per brick	\$ 0.15	Per 100 lbs.	\$ 8.00
Per brick, postpaid.25	Per 250 lbs.	17.50
12 bricks	1.60	Per 1000 lbs.	60.00
25 lbs.	2.50		

Books on Growing Mushrooms

Pamphlet (gratis for a postal card asking for it)	
Robinson's Book (postpaid)	\$0.50
Falconer's Book	1.00

TESTIMONIAL

I had another record-breaking mushroom bed which bore 4 months. Some of the mushrooms weighed ¼ lb. each. Of course the spawn was from you. Mr. Dick concluded he had never seen such a crop.

Gardener to Col. S. B. Dick, Esq.,

HIGH GRADE FERTILIZERS

Prices on Some Sorts Vary During the Year. SOLD WITH OUR GUARANTEE.

Highest Quality.

Ashes (Canada Unleached Hardwood). These contain all of the fertilizing elements except nitrogen. 5 lbs., 20c.; 35c. per 10 lbs.; 25 lbs. 60c.; 85c. per 50 lbs.; per 100 lbs. \$1.50; bbl. of 250 lbs. \$2.50; ton of 2000 lbs. \$18.00. Apply about 1000 lbs. to the acre.

THE COST OF WOOD ASHES can be reduced \$3.00 per ton by customers giving us their order two weeks ahead, to enable us to ship it direct from Canada to the customer. Special rate on application.

Bone Meal **Michell's Strictly Pure and Fresh.** In fertilization nothing takes precedence in importance over animal bones, because they furnish the soil with the essential requisite of nitrogen as well as phosphoric acid. The most substantial fertilizer for lawns and plants is **Michell's Bone Meal**. It keeps on feeding the soil for fully ten months. 3 lb. bag 15c.; 5 lb. bag 25c.; 10 lbs. 40c.; 25 lbs. 75c.; 50 lbs. for \$1.10; 100 lbs. \$2.00; sack of 200 lbs. \$3.50; ton \$30.00.

Blaker's "Odorless" Lawn Dressing. One of the best fertilizers, supplying just what every worn-out lawn requires. Per 100 lbs. \$3.00. F. O. B. Factory only. Special price will be quoted on larger quantities.

Bone Flour **Pure.** Ground perfectly fine; excellent for pot plants or beds where an immediate effect is wanted. 5 lbs. 25c.; 10 lbs. 45c.; 25 lbs. \$1.00; 50 lbs. \$1.50; 100 lbs. \$2.50; bag or bbl. of 200 lbs. \$4.50; ton \$40.00.

Blood. (Dried.) Very rich in nitrogen. 5 lbs. 30c.; 10 lbs. 50c.; 25 lbs. \$1.00; 50 lbs. \$1.85; 100 lbs. \$3.50.

Bowker's Plant Food. Made especially for plants growing in conservatory or house. Clean, free from offensive odor. Full directions with each package. Package 15c. and 25c.; by mail 25c. and 40c.

Clay's Fertilizer Imported manure, especially recommended for flowers or vegetables, to bring the highest perfection. Should be used in potting soil, and spread on staging of greenhouses planted with flowering plants. Per lb. 15c.; 5 lbs. 60c.; 10 lbs. \$1.10; 28 lbs. \$2.00; \$6.50 per cwt. (112 lbs.)

Cotton Seed Meal. 5 lbs. 25c.; 10 lbs. 40c.; 25 lbs. 85c.; 50 lbs. \$1.50; 100 lbs. \$2.50; 200 lbs. \$4.00; per ton, \$33.00.

Flora Cola A powerful liquid fertilizer for house plants. 25c. per bottle.

Guano **Pure Peruvian.** 1½ lb. box 15c.; 3½ lb. box 25c.; 10 lbs. 50c.; 100 lbs. \$2.50; per ton \$40.00.

Guano **Potato, Corn and Truck. Sharpless and Carpenter's Brand.** Guaranteed analysis: Actual Potash, 6 to 8 per cent; Ammonia 1½ to 2½ per cent.; available Phos. Acid, 6 to 8 per cent., in original sacks only. Price \$3.50 per sack of 200 lbs.; \$30.00 per ton.

Horn Shavings A very valuable and rich fertilizer, especially for roses, chrysanthemums, etc. 10c. per lb.; 5 lbs. for 40c.; 25 lbs. \$1.75; \$5.00 per 100 lbs.

Thomson's Flower and Vegetable Manure. This is one of the very best fertilizers, introduced from England, and can be highly recommended to any one wishing an immediate effect in forcing. Highest testimonials from those who have tested its merits. Put up in original bags. 28 lbs. (¼ cwt.), \$1.75; 56 lbs. (½ cwt.), \$3.25; \$6.25 per cwt.

Imperial Liquid Plant Food. One of the best and most reliable plant fertilizers now on the market. Highest testimonials received from all who are using it now. 55 oz., \$1.00; 7 lbs., \$1.60; 20 lbs., \$4.00 (F. O. B. Factory).

"Jadoo" Liquid A popular fertilizer in liquid form. Specially adapted for feeding house plants. 15c. per bottle.

Kainit. (Pure). Apply at the rate of 1000 lbs. per acre, 5 lbs. 20c.; 10 lbs. 35c.; 25 lbs. 50c.; \$1.25 per 100 lbs.; per 200-lb. sack, \$2.00; \$15.00 per ton.

Land Plaster (Nova Scotia). A valuable top dressing. It also purifies and sweetens worn out, sour soils. Used also extensively for mixing with Paris Green for destroying insects. 5 lbs. 15c.; 25 lbs. 30c.; 40c. for 50 lbs., 100 lbs. 75c., \$1.50 per bbl. (300 lbs.), ton \$9.00.

Lawn Dressing (Michell's Odorless). Very rich in fertilizing ingredients. Makes your lawn green, bright and durable. 5 lbs. for 30c.; 25 lbs. \$1.00; \$1.75 per 50-lb. bag; per 100 lbs. \$3.00; \$5.00 per 200 lbs; per ton \$40.00.

Manure We can supply at short notice, strictly first-class, clean, short or long manure. Our large sales these past three years prove that we send out a choice article. In car-load lots only at \$1.25 per ton. Special price will be quoted on larger quantities.

Michell's Plant Food Very effective, clean and easily applied. 15c per pkg.; 4 pkgs. 50c.

Mapes Celebrated Fertilizers. Prices quoted here are f. o. b. Phila. It is, however, more advantageous to the customer to have them shipped direct from Mapes' factory as the price will be 25c. less per sack, and \$2.00 less per ton than prices herewith quoted, only paying one freight charge.

	Sack of 200 lbs.	Ton of 2000 lbs.

Muriate of Potash Lb. 10c., 5 lbs. 35c., 10 lbs. 50c., 50 lbs. \$1.75, 100 lbs. \$3.25.

Nitrate OF SODA. For all crops. Contains the largest percentage of nitrogen; equal to 19 per cent. of ammonia. It is very quick in action, and hastens maturity of crops fully two weeks. *Should not be applied until the plants are above the ground*, when 100 to 150 lbs. per acre should be sown with other fertilizers, or mixed with phosphates. Lb. 10c., 5 lb. 30c., 10 lb. 50c., 25 lbs. \$1.00, 50 lbs. \$2.00, 100 lbs. \$3.50, 200 lbs. \$6.25; per ton, \$57.50.

Poudrette Per lb. 10c. (26c. by mail); 5 lbs. 20c.; 35c. per 10 lbs.; 25 lbs. 60c.; \$1.00 per 50 lbs.; \$1.50 per 100 lbs.; per 200 lb. sack \$2.50; \$8.00 per 1000 lbs.; \$15.00 per full ton.

Phosphate **Baugh's Celebrated Double Eagle Brand.** 50 lbs. \$1.00; \$1.75 for 100 lbs.; \$3.00 per 200 lb. sack; \$25.00 per ton.

Phosphate. Super High Grade. Analysis; Ammonia 4 to 6 per cent.; bone phosphate 24 per cent.; available phos. acid 6 to 8 per cent.; sulph. potash 1 to 2 per cent. It stands without a rival as the largest crop producer. Apply 400 lbs. per acre. 5 lbs. 20c.; 10 lbs. 35c.; 25 lbs. 60c.; 100 lbs. \$1.75; 200 lbs. \$3.25; per ton \$28.00.

Potato Manure (Baugh's). Very high grade. *Guaranteed* (from factory only). \$3.50 per 200 lb. sack; per ton \$30.00.

Soot **Imported Scotch.** Per lb. 10c.; per 5 lbs. 35c.; \$1.25 for 25 lbs.; 100 lbs. \$4.00.

Salt (Agricultural Brand). For topdressing lawns or asparagus beds. Apply early in spring, at rate of 800 to 1000 lbs. per acre. 25 lbs. 30c.; \$1.00 per 100 lbs.; 200 lbs. \$1.50; ton \$9.50.

Sheep Manure **Pure, Fresh Pulverized.** One of the richest general fertilizers. **Michell's XX Brand**, Pkg. 15c.; 5 lbs. 25c.; 10 lbs. 40c.; 25 lbs. \$1.00; 50 lbs. \$1.50; \$2.25 per 100 lbs.; \$32.00 per ton.

Sulphate of Ammonia Lb. 10c.; 35c per 5 lbs.; 10 lb. for 60c.; 50 lb. for \$2.50, 100 pounds for \$4.50.

Tobacco Stems Largely used for covering lawns during the winter. 5c. lb.; 5 lb. for 20c.; barrel \$1.00; \$2.00 per large bale; per half ton \$6.00; \$11.00 per ton.

IT WILL PAY YOU TO LET US ESTIMATE ON THE LARGE ORDER OF FERTILIZERS

INSECT DESTROYERS, ETC.

Aphis Punk. (*Nikoteen*.) Especially designed for use in private places and in houses without convenient furnaces for heating irons necessary for vaporizing *Nikoteen* or Tobacco Extract. The Punk is lighted with a match and allowed to burn, which it does without flaming, at the same time giving off dense white fumes of nicotine that kills aphis and thrip very effectively. Per box 60c. Per twelve boxes \$6.50.

Ant Exterminator. Very effectual for destroying ants in gardens and lawns. Per ¼ lb. 20c., 40c. per ½ lb., per lb. 75c.

Alcohol. For nicotinic lamps. Per quart 65c.

Bowker's Bodlime. Stops canker worms, caterpillars and all creeping insects from crawling up trees. Superior to all other articles heretofore on the market. 5 lbs. 90c., \$1.35 10 lbs., 25 lbs. \$2.75.

Bordeaux Mixture. For black rot, downy mildew, and anthracnose of grape, potato blight, potato rot, leaf blight of cherry, pear, quince and other fungus diseases. Per lb. box 20c., 75c. 5 lbs., makes 25 gallons spray, 10 lbs. \$1.25 makes 50 gallons spray, \$2.50 25-lb. box makes 125 gallons.

Bordeaux Mixture. In liquid form. Per qt. 40c., \$1.00 per gallon.

Bug Death. Now largely used instead of Paris Green, safer, just as effectual and acts as a fertilizer as well as an insecticide. Price, 1 lb. 15c., 35c. for 3 lbs., 5 lbs. 50c., \$1.00 for 12½ lbs., 100 lbs. \$7.00. (Special Shaker 25c.)

STRAWBERRY PLANTS, Etc.

The Great "New Berry", Michell's Abundance.

Brandywine. Late, Perfect. *The finest of all late fruiting sorts; it has not a single defect. Fruit extra large, heart-shaped; color, bright, rich red.*

Bismarck. Early, Perfect. A seedling from Bubach and resembles its parent in every way. It is enormously prolific.

Bubach. Mid-season, Pistillate. One of the best and most profitable; an old favorite.

Cumberland Triumph. Early to mid-Summer. An excellent variety for the home garden.

Gandy. Late, Perfect. One of the best berries for market. Fruit solid, of fine flavor.

William Belt. Mid-season, Perfect. For size, beauty and fine quality it is one of the very best. Ten of the largest fill a quart box.

Sharpless. Mid-season, Perfect. An old favorite with many. Fine color, good quality.

Clyde. Early to mid-season, Perfect. Exceedingly productive, of fine quality. A top-dressing of stable manure in Winter will stimulate greater foliage growth. Few strawberries succeed as well as the Clyde.

Gladstone. Mid-season, Perfect. The fruit, which is borne in great clusters, is of largest size and beauty; unexcelled in quality.

Glen Mary. Mid-season to late, Imperfect. Its roots are enormous, enabling it to ripen its great crop of monster berries in the driest season. Never failed to produce a large crop of fruit.

Marshall. Early, Perfect. This is one of the finest berries. It is the earliest of all the very large varieties and it usually matures all its fruit. Berry is dark, glossy red, and of fine quality.

Michell's Early. Early, Perfect. A very strong growing, extra early variety; worthy of a place in all gardens.

Nick Ohmer. Mid-season, Perfect. The berries are a giant among strawberries, conical in form. Rich crimson, firm and solid, excellent in quality.

PRICES:

(Except where noted)

POT GROWN—Per doz., 60c.; per 100, \$3.00; per 1000, \$25.00.

LAYER PLANTS—Per doz., 25c.; per 100, \$1.00; per 1000, \$6.00.

MICHELL'S ABUNDANCE STRAWBERRY.

One of the finest varieties for general crop; will produce more berries in the space allotted to its growth than any sort in existence; ripens very evenly and up to the stem.

PRICES:

POT GROWN—Per doz., 75c.; per 100, \$4.00; per 1000, \$30.00.

LAYER PLANTS—Per doz., 35c.; per 100, \$1.50; per 1000, \$10.00.

HEDGE PLANTS.

CALIFORNIA PRIVET.

Large Stock, Strong Plants.

Exceedingly beautiful, nearly evergreen hedge plants. Very vigorous and hardy; leaves deep green, bright and very glossy. Especially adapted for hedges at the seashore; very easily transplanted. Beware of spurious kinds of privet which are being offered for the above and which are not nearly so desirable. Ours are the genuine California, or Japan Privet (*Ligustrum Ovalifolium*). Most of them have been transplanted and are furnished with an abundance of fine fibrous roots, are well branched and are sure to give satisfaction.

	Per 100	Per 1000
1 and 2 year old, 12 to 18 inch.....	\$3.50	\$30.00
2 year old, 18 to 24 inch.....	4.00	35.00
2 year old, 24 to 30 inch.....	4.50	40.00

Also larger sizes quoted on application.

Osage Orange. 1 year old, per 100, 75c.; per 1000, \$5.00. 2 years old, per 100, \$1.00; per 1000, \$7.50.

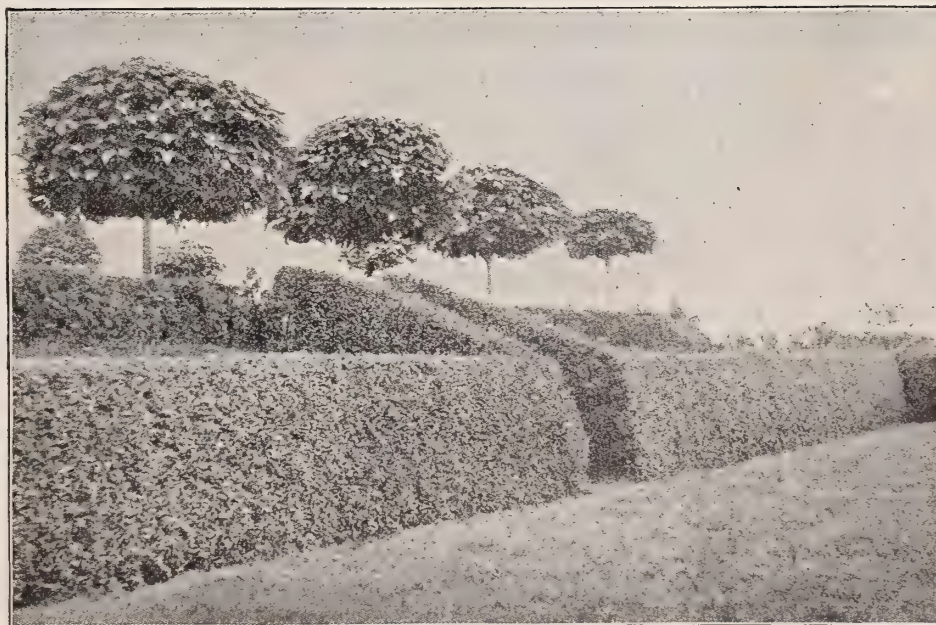

Hemlock Spruce. 1 to 2 ft. high, per doz., \$6.00; per 100, \$40.00. 2 to 2½ ft. high, per doz., \$7.50; per 100, \$55.00.

Norway Spruce. 12 to 18 inches high, per doz., \$3.00; per 100, \$20.00. 2 to 2½ ft. high, per doz., \$6.00; per 100, \$40.00.

American Arbor Vitae. 18 to 24 inches high, per doz., \$3.00; per 100, \$20.00. 3 to 3½ ft. high, per doz., \$7.00; per 100, \$50.00.

Althea (Hibiscus). 1 to 2 ft. high, per doz., \$1.50; per 100, \$10.00. 3 to 4 ft. high, per doz., \$3.50; per 100, \$25.00.

Berberis (Thunbergii). 1 to 1½ ft. high, per doz., \$2.00; per 100, \$12.00. 1½ to 2 ft. high, per doz., \$2.25; per 100, \$16.00. 2 to 2½ ft. high, per doz., \$3.50; per 100, \$25.00.

A Hedge of California Privet (Catalpa Trees in the rear).

FRUIT TREES, BUSHES, VINES, ETC.

Strong, Sturdy Stock Only, Shipping Season April 1st to about November 1st.

Blackberries

Plant in good rich soil, in rows five feet apart, and three or four feet apart in the row. After the fruiting season or in early spring, cut out all the dead wood. Should be planted early, before the buds start. A good top dressing of stable manure, applied annually, produces large crops. Keep the ground clean and well worked.

Erie. An excellent early berry; ripens its entire crop at once. Berries good size, black, firm, sweet and of good quality. Per doz. 60c., per 100 \$3.00.

Kittatinny. Large, juicy, sweet and excellent; hardy and productive. Considered the best and most profitable late berry. Per doz. 60c., per 100 \$3.00.

Wilson's Junior. Of large size, unsurpassed productiveness, fine flavor and early. The largest and best early blackberry yet introduced. Per doz. 60c., per 100 \$3.00.

Raspberries

Plant in rows five to six feet apart, two to four feet apart in the row. Cut the tops off within a few inches of the ground when planted. Pinch the vigorous young shoots several times during the summer, they will then grow stout enough to stand without staking.

Brandywine. Large; bright red; hardy and productive; an old variety, extensively grown. Per doz. 50c., per 100 \$2.50.

Cuthbert. Large, firm, deep rich crimson, of excellent quality; perfectly hardy and very productive. Per doz. 50c., per 100 \$2.50.

Philadelphia. Dark crimson; hardy and productive. Per doz. 50c., per 100 \$2.50.

Golden Queen. The best yellow variety. Per doz. 50c., per 100 \$2.50.

Gregg. A large black variety; fruit firm, of excellent quality and a good shipper. Per doz. 50c., per 100 \$2.50.

Japanese, or Wineberry. Large clusters of red berries, excellent for jelly or preserving. Per doz. \$1.00, per 100 \$6.00.

Strawberry Raspberry. A raspberry in the form of the strawberry, growing about 18 inches high; fruit, bright scarlet. Per doz. \$1.50, per 100 \$6.00.

Blackberries

Raspberries

Currants

Currants should be planted in good soil, which must be kept rich and well worked. Sprinkle ashes around the roots occasionally, to keep the borers away. The currant worm may be destroyed by sprinkling the bushes with powdered white hellebore while they are wet with dew. Where it has been applied, the fruit should not be used without first being washed.

Black Naples. Vigorous and productive; used for jelly and jams and highly profitable for market in some sections. Two years, per doz. \$1.00, per 100 \$6.00.

Fay's Prolific. Color rich red. Per doz. \$1.50, per 100 \$7.50.

Red Dutch. Medium size; in large bunches, the old and well-known currant of the garden. Per doz. \$1.00, per 100 \$6.00.

Red Cherry. Large. Per doz. \$1.00, per 100 \$6.00.

White Grape. The best white variety; large, sweet. Per doz. \$1.00, per 100 \$6.00.

Hardy Grape Vines

Catawba. A very good keeper; red, sweet and rich, with pleasant flavor. Does best against buildings.

Concord. One of the most profitable of all hardy grapes. Bunch and berry large; black, juicy and sweet.

Delaware. Light red, very sweet.

Duchess. Medium size; greenish white; excellent quality.

Martha (White Concord). Large, pale yellow; strongly resembles the Concord in all points except in color: hardy and vigorous.

Moore's Early. Bunch and berry round and large; black.

Niagara. Bunches very large and very compact; berries large, light greenish white, skin thin but tough, and does not crack.

Pocklington. Golden yellow.

Worden. Large, Black.

Salem. Large; bright reddish brown; fine rich aromatic flavor.

Price of any of the above varieties:

Strong two year old Vines, 25c. each, per doz. \$2.50

Extra strong three year old Vines, 50c. each, per doz. \$5.00.

Gooseberries

Treatment same as for Currants.

Downing. Large pale green; soft, juicy and good for family use. Per doz. \$1.00, per 100 \$6.00.

Houghton's Seedling. Pale red. Per doz. \$1.00, per 100 \$6.00.

Industry. Although a foreign sort, it has done admirably, being a vigorous grower and an immense yielder, and showing no signs of mildew. Color dark red. Each 20c., per doz. \$1.75, per 100 \$10.00.

Gooseberries

APPLES—Baldwin, Early Harvest, Maiden Blush. Each 75c., per doz. \$8.00.

APRICOTS—Acme, Rowan. Each 50c., per doz. \$5.00.

CHERRIES—Black Tartar, Gov. Wood. Each \$1.00, per doz. \$10.00.

PEACHES—Crawfords Early, Elberta. Each 30c., per doz. \$3.00.

PLUMS—(European) Bradshaw, Reine Claude, Each \$1.00, doz. \$10.

“(Japan) Abundance Burbank. Each 75c., per doz. \$8.00.

PEARS—Bartlett, Kieffer, Seckel. Each \$1.00, per doz. \$10.00.

QUINCE—Meeches Champion. Each 50c., per doz. \$5.00.

The above Trees are all 2 years old, except where noted. We can furnish smaller Trees at lower prices.

TESTIMONIAL
From the Leading Landscape Architect in Philadelphia
Your lawn seed produces wonderful results. Sown about two weeks it will have to be mowed now. It excels by far any I have ever used. The nine acres that were seeded look as fine and as green as could be. You certainly can challenge the whole world on grass seed.
May 11, 1905.

TESTIMONIAL
Your grass seed has made a great hit at Chestnut Hill. I wish you could come to see it. Engineers, architects and estate owners agree that it is the best growth for newly planted grass seed they have ever seen. I've been asked numerous times where I bought the seed and could not help but tell them. I find I always get the best money can buy from you.
Chestnut Hill, June 13, 1904.
J. F. MOLLOY,
Landscape Engineer.
